

Equipping Educators and Professionals to Support Individuals with Autism so They Can Live their Best Lives for their Whole Lives

The Autism Center works to build the capacity of school districts and other education agencies to improve their instruction and support for individuals with autism.

- **We first assess, then address!**
We assess district and agency needs and then work with them to identify resources to address those needs.
- **We equip teams to serve learners with autism.**
We develop customized, team-based professional development and technical assistance.
- **We serve as a resource for up-to-date, reliable information.**
We help to identify, create and disseminate high quality information and resources.

OCALI Autism Center Grab and Go's

Tip of the Month

Explore current and archived monthly tips to support individuals with ASD and other learners at school, at home, and in the community.

Online Book Studies

No time to attend a training but need professional development in the area of autism spectrum disorder? Consider one of the online book studies offered by the Autism Center. Download the questions to guide your learning. Don't own the book? Check it out from the OCALI online lending library.

Resource Gallery of Interventions

Need an intervention to support a learner with or without autism but not sure where to find it? Visit the Autism Center Resource Gallery and explore a number of different interventions and examples of how to use them. Don't have the template to make the intervention? Just download the accompanying template and you are on your way to creating an intervention tailored to the unique needs of the individual.

Autism Internet Modules (AIM)

Do you work with, support, instruct, or live with someone with autism spectrum disorder and are in need of training at your fingertips? AIM is designed to provide high quality information and professional development for people like you.
