

Family Center

## Top 5 Resources for Families

### 1. **Autism Spectrum Disorder:**

#### **A Basic Introduction for Families**

Start here if your loved one has just gotten a diagnosis of autism. This booklet provides basic information, tips, and possible next steps.

### 2. **Advice From Parents Video Series**

Listen and learn from parents and siblings as they share their thoughts and perspectives on living with and caring for a family member with autism.

### 3. **Introducing Your Child to Others**

Hear other parents share their strategies for helping people understand their child's unique characteristics.

### 4. **OCALI Family Favorites**

Check out this section of the website to learn what families are reading, watching, listening to and being inspired by.

### 5. **Ohio's Parent Guide to ASD**

Covers a wide range of topics of interest to families. Each chapter contains rich reference materials, including books, websites, and names of organizations where additional information can be found.

Visit us online at [www.ocali.org/center/family](http://www.ocali.org/center/family)  
to find these resources and more.

# **ASD STRATEGIES** → *IN ACTION*

autism certification center

One of the best places to learn more about autism is ASD Strategies in Action, a set of easy-to-use videos. The videos provide everyone in your family, as well as your child's teachers, your friends, relatives, and community members with practical information, real-life examples, and strategies that can be useful across your child's life ([www.autismstrategies.org](http://www.autismstrategies.org)).
