Riding the Bus

I am excited to go back to school.
I’m excited to ride the bus to school.

My bus driver is excited to take me to school.
He/She wants to keep me and others safe and healthy.
My bus driver will wear a mask.

I need to wear my mask while riding the bus.

My bus driver may need to take my temperature before I go to my seat.

My bus driver may give me hand sanitizer to clean my hands.
My bus driver may ask me to sit in a certain seat and that is OK. I may be the only one sitting in the seat. If I do have another person sitting in the same seat, I will need to keep my distance and not touch him/her.

Staying separated keeps me and my friend safe.

I will need to wait for the bus driver to tell me when I can get off the bus.
Doing what the bus driver tells me will make him/her happy.
Doing what the bus driver tells me will keep everyone safe and healthy.
